DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3,9-11 are allowed over the prior art of record.

2. The following is an examiner's statement of reasons for allowance:

As per independent claims 1 and 9, the claim recitations pertaining to calculating a smoothed power estimate over time as detailed in the independent claims, is not explicitly taught by the prior art of record. Furthermore, it would not have been obvious to one of ordinary skill in the art at the time the invention was made to modify the teachings of the prior art of record to obtain the recited claim limitations of the independent claims.

As is well documented in the prosecution history, the closest prior art of record is Bloebaum et al (6070137). The distinguishable differing features, in summary, of the independent claims and Bloebaum et al (6070137) is that Bloebaum et al teaches a calculation of a gain filter function , wherein noise input N and power estimate input S are smoothed, however, the noise in put N is smoothed over time, but the power estimate input S is smoothed in the frequency domain. In Bloebaum, the first order AR smoothing of the equation is used in adapting the noise model, but the AR smoothing is only used when the signal S is absent. Oppenheim does not teach smoothing in the time domain by showing convolution in the frequency domain being equivalent to multiplication in the time domain.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Opsasnick, telephone number (571)272-7623, who is available Tuesday-Thursday, 9am-4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Richemond Dorvil, can be reached at (571)272-7602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
